Disclaimer Explained

QT consists of self-help coaching techniques and tools, within the category of "energy therapy." A client learns and uses QT to balance their own body's energy system with the intention of reducing stress, enhancing overall health, and removing dysfunctions in the body's bio-energetic system. QT and its *Quantum Techniques™ practitioners* believe that it is the client who heals himself/herself, and that the QT tools simply assist the client in this process. Every QT client is unique, and therefore, each client's experience with QT may be unique.

QT is not a substitute for regular medical or psychological care. QT is not about disease or illness—rather, its focus is on healing and wellness. Medical authorities do not recognize this work as "medicine". We agree. There are researchers in this area who believe there is a correlation between the detection of certain energetic frequencies and the presence of disease states or organisms in the body. Energy therapies, like QT, may be able to identify the unhealthy frequencies years before a physical disease manifests in the body. As a person heals those frequencies, health is enhanced. Our work, which includes evaluations and scans of the subtle-energy field, is strictly limited to address the imbalances in the subtle-energy field.

For example, in our scans we may talk about the frequencies of virus, bacteria, fungus and parasite issues. We are only saying that we have often found those frequencies when our clients are in a non healing state. Commonly, people who manifest those frequencies over time experience patterns of deterioration in the way they feel. As those frequencies are cleared and the energy field is balanced, they typically experience a return to feelings of wellness. We cannot determine if the client actually had a virus, bacteria, fungal infection or parasite. We cannot determine if a client actually has Multiple Sclerosis, Parkinson's disease, Manic Depression or HIV, for example. Testing for that is beyond our expertise. For those Determinations, we refer clients to their M.D. or licensed health care professional for appropriate tests.

No one is advised to discontinue or to avoid medical or psychological Consultations. There are cases where medical or psychotherapeutic Consultations are advised. Don't use these techniques to try to solve a problem where your common sense would tell you it is inappropriate. Since these are self-treatment techniques, we cannot and will not take responsibility for what you do with them. You are required to take complete responsibility for your own well-being both during and after the use of our materials and/or coaching sessions.

Some statements on the Quantum Techniques, LLC / Healing Solutions, LLC web site, manuals and products represent working theory rather than accepted science. *Quantum Techniques™ practitioners* practice as bio-energetic consultants, not as licensed medical doctors, psychologists, psychotherapists, chiropractors, lawyers, nutritionists, or

naturopaths. Although these techniques are being used by therapists, health professionals and lay people worldwide, the practice of QT and bio-energetic consulting is not currently regulated by any licensing board in the United States. Any spiritual counseling provided by a *Quantum Techniques™ practitioner* is not part of any recognized religion.

We have not personally experienced any adverse side effects when applying the gentle techniques of QT when the treatment protocols and suggestions were followed. This does not mean, however, that you will not experience or perceive negative side effects. If you use these techniques on yourself or others, you must agree to take full responsibility for your own well-being and you are required to advise others to do the same.

You must understand that while an energy healing approach is a safe self-treatment method, with a substantial body of clinical experience showing no serious side-effects when properly administered, it is possible, with any form of healing, that unresolved memories and related emotions and sensations may be brought into your awareness. It is possible that this emotional material may continue to surface after the coaching session and require further self-treatments or coaching sessions. It is also possible that previously traumatic memories may lose their emotional charge, and this could adversely affect your ability to provide legal testimony that carries the same impact as it might have prior to treatment. In some rare cases, clients with chronic illness have reported some mild healing reaction symptoms as their body releases stored toxins. Typically this is short lived and can be addressed with another coaching session or self-treatment protocol.
